

Impact Report 2024

A message from our founder

I am blessed to be the founder of a nonprofit that is devoted to helping individuals in recovery. The goals I set in the beginning have been achieved and new goals have been set. None of this would have been possible without God, friends, and the community. Thank you from the bottom of my heart for your prayers and support in making this possible! I pray this next year will be even more successful.

A year at a glance

Our first year was a year of learning and building relationships with recovery homes in multiple counties. We had a major impact in the lives of many individuals and we couldn't have done it without the support we received from our friends in the community. We are grateful for everyone's support in making our first year a success!

Outcome

Bags of Hope distribution

Provided 160 Bags of Hope filled with essential items, recovery literature, and resources to residents in local recovery housing

- Reached 160 individuals; recipients reported feeling more supported and encouraged in their recovery journey.

Pre-organization History 2020–2023

A Bag of Hope began in 2020 as a personal outreach project, distributing care bags to individuals in recovery homes. Since officially becoming a 501(c)(3) in 2024, our impact has grown through community partnerships and organized fundraising efforts.

- Reached 402 individuals since 2020. A Bag of Hope has slowly but vastly grown over the years.

We couldn't have done it without your generous support.

**HOPE
IS IN
THE BAG**

We want to
recognize and
thank all of the
volunteers,
donors, and
prayer warriors
that contributed
in making a
difference in
peoples lives!
